

## Experience

---

### **Storyboard Artist** | *Bento Box Entertainment*

“The Great North” Season 3 And 4 | August 2021 – Present

- Take my sequences from thumbnails to roughs to finished boards.
- Take notes, revise and problem solve boarded sequences.
- Assist my storyboard team in the successful completion of our episodes.

### **Freelance Storyboard Artist** | *Animus Studios*

“Supper” Short Film | September 2022 – December 2022

- Board a 3-5 minute animated short film in its entirety.
- Take notes, revise and problem solve beats in the short.
- Help develop tone, pacing, and story from an outline.

### **Storyboard Revisionist** | *Bento Box Entertainment*

“The Great North” Season 2 | Jan 2021 - Aug 2021

- Assisted storyboard teams during episode clean-up by revising sequences per animatic notes.
- Assisted production by revising sequences to better fit finalized designs or timing notes.

### **Production Coordinator** | *Titmouse Animation*

“Bless the Harts” Season 2 | Sept 2020 – January 2021

- Shipped and kept track of all colored assets. (Backgrounds, Props, Characters, and FX)
- Assigned work out to painters and handed out revisions per the supervising director's notes.
- Answered and resolved overseas requests.
- Kept the color team on schedule for shipments.

### **Production Assistant** | *Bento Box Entertainment*

“The Great North” Season 1 | Sept 2019 – Sept 2020

- Assisted the digital team with exports and deliveries.
- Assisted the design team with organization and uploads in Shotgrid.
- Answered and resolved overseas requests.
- Assisted the production staff wherever necessary to keep production running smoothly.

### **Animation Intern** | *Academy of Television Arts and Sciences Hosted at Bento Box Entertainment*

“Bob’s Burgers” Season 10 | Jun 2018 – Jul 2018

- Assisted the Post-Production team with checking animation quality from overseas.
- Did retake animation in Harmony for online content.

### **Videographer** | *University of Nebraska-Lincoln Astronomy Department*

Jan 2017 – Sept 2019

- Shot, edited, and made graphics for educational videos.
- Kept videos clear and concise to help teach entry-level astronomy to college-level students.
